

Important Information About Procedures for Opening an Account

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an Account. Identity verification also helps to protect you and us from identity fraud.

What this means for you: When you open an Account, we will ask you and persons associated with your account, for your name, address, date of birth, Social Security Number, and other information that will allow us to identify you. A copy of a valid Passport or Driver's License is required at the time of account opening.
